CURRICULUM BY SUBJECT Bible K-4

The North American Division Elementary Bible Standards are the basis for the Bible program.

BIBLE CURRICULUM

The Seventh-day Adventist Bible textbooks are to be used in all classrooms. The content is developed from a clearly defined scope and sequence to provide students with knowledge of the fundamental beliefs of the church and a Seventh-day Adventist lifestyle.

The new Bible Curriculum for grades 1-8 is a digital program, complemented by material and resource kits. These materials are organized by grades 1-4, 5-8, and a general one for the school. The kits are available through AdventSource. The digital curriculum can be downloaded for those who have been officially trained. You must be trained in order to access materials. Contact your Conference Office of Education for training and access.

KINDERGARTEN

Kindergarten Stepping Stones: A Journey to Excellence through Discovery is an integrated curriculum that utilizes literature-based themes with strong spiritual connections so children may come to know God better and love him more. The Bible component of the program includes Bible stories and activities in the Daily Lesson Guides (DLGs). Additional resources to support the Bible stories include lapbooks, readers, and story/music CDs. The [order form](#) is found on the [Kendall-Hunt website](#).

GRADES 1-4

The program consists of a narrative approach to Bible instruction. The Teaching Unit Books help guide the teacher through Biblical content with a specific theme in mind. Each theme reveals a new aspect of God's Character. The Unit Books are available for download on the [Elementary Encounter website](#).

Baptismal Class Resources

ABC/AS

Baptismal guides recommended for use in Grades 6-8 include the following titles: *Following Jesus: A Junior Baptismal Guide*, *It's My Choice: Junior/Teen Baptismal Guide*, and *A Reason to Believe: What Being an Adventist is All About*.

Pathways of the Pioneers

ABC

A wonderful collection of audio stories of the men and women who founded the Adventist Church brought to life by Your Story Hour. Listen to an audio stream of a selection of stories from the 22-CD set on the White Estate website. The entire set can be ordered on the Adventist Book Center website.

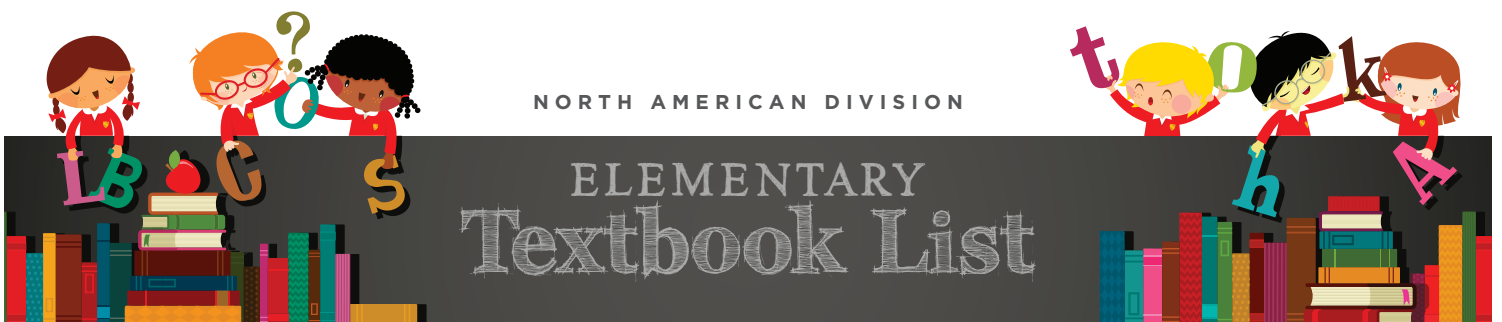

What We Believe for Kids: Helping Children Understand the Beliefs of the Seventh-day Adventist Church

ABC/PP

This book is intended to help kids understand what their church teaches—to help them understand what it means to be an Adventist. It isn't meant to be comprehensive or complete but is meant to serve as an introduction to and a summary of the 28 Fundamental Beliefs of the Seventh-day Adventist Church.

MUSIC TEXTBOOKS

KH/PS

[Kindergarten Stepping Stones: A Journey to Excellence through Discovery](#) is a curriculum that integrates music and drama into literature-based themes with strong spiritual connections so children may come to know God better and love Him more.

Spotlight on Music, 2016 by McGraw-Hill has been adopted by the North American Division. This technology-based, interactive music curriculum provides both students and teachers with excellent opportunities to enjoy performing and listening to music from North America and around the world, and to develop musical appreciation, knowledge, and literacy skills. Schools of all sizes will discover that the curriculum for grades 3 and 5 will provide ample lessons to be used as the foundation for music instruction for all eight grades.

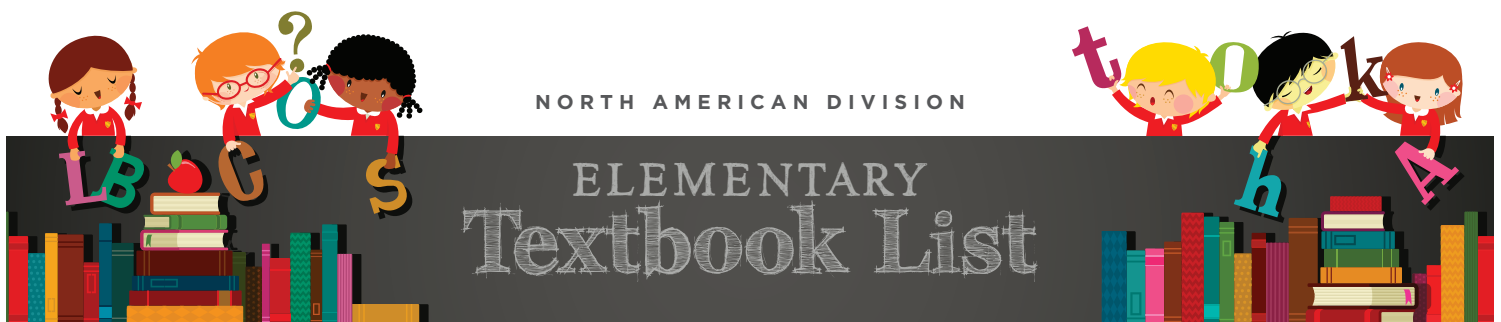

[The Fine Arts Microsite](#) has been developed to make the music program manageable as well as more affordable. Only grades 3 and 5 curriculum need to be purchased from McGraw-Hill. Based on a four-year cycle, grades 1-4 are to be taught using the grade 3 curriculum, and grades 5-8 using the grade 5 curriculum. [The Fine Arts Microsite](#) outlines the content for the cycles, incorporates lessons which focus on hymns, and provides basic lessons for music content review. Teachers in large schools may choose to either use [The Fine Arts Microsite](#) or the curriculum as outlined by McGraw-Hill for each grade. Keep in mind that the McGraw-Hill program for grades 1, 2, 4, 6, 7, and 8 have not been reviewed for content appropriate for Adventist schools.

TWO-TEACHER SCHOOLS OR LARGER:

	GRADES 1-4	GRADES 5-8
2018-2019	Cycle 1, lower	Cycle 1, upper
2019-2020	Cycle 2, lower	Cycle 2, upper
2020-2021	Cycle 3, lower	Cycle 3, upper
2021-2022	Cycle 4, lower	Cycle 4, upper

ONE-TEACHER CLASSROOMS (GRADES 1-8):

Teachers in one-teacher schools may implement either the grades 1-4 or 5-8 cycle rotation based on which band reflects the greatest number of students enrolled.

CURRICULUM BY SUBJECT **INTEGRATED LANGUAGE ARTS K-8 PART 1**

The North American Division [Elementary English Language Arts Standards, 2013](#) form the basis for the Language Arts program. They are also available from [AdventSource](#) (two folders, one for Reading and one for Writing/Speaking & Listening/Language).

KINDERGARTEN

INTEGRATED LANGUAGE ARTS TEXTBOOKS

KH

Kindergarten Stepping Stones: A Journey to Excellence through Discovery is an integrated curriculum that utilizes literature-based themes with strong spiritual connections so children may come to know God better and love him more.

GRADES 1-8

Pathways: A Journey to Excellence through Literacy is a comprehensive literacy program that integrates all the language arts skills. The goal of *Pathways* is to provide a balanced literacy program that presents students with integrated and interconnected language arts experiences that are both receptive (reading, listening, viewing) and expressive (writing, speaking, visually representing).

The scope and sequence at each grade level is organized around five target areas:

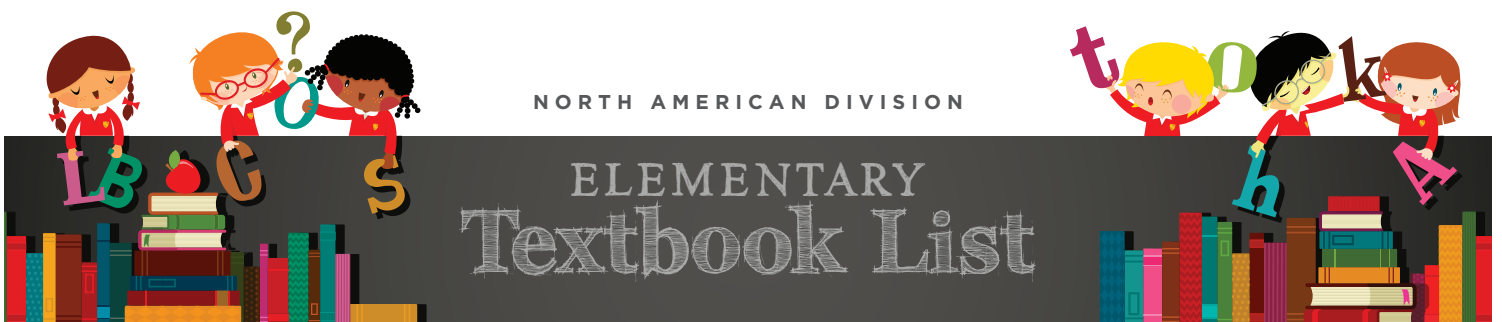

- Extended reading and writing
- Comprehending, studying, and evaluating ideas
- Reference skills
- Word study
- Sentences skills - usage, punctuation, and grammar

Pathways instruction focuses on four overlapping instructional components:

1. Theme Books and Daily Lesson Guides
2. Guided Reading Groups
3. Reading Workshop
4. Writing Workshop

TWO-YEAR ROTATION FOR MULTI-GRADE SCHOOLS:

	GRADES 1-2	GRADES 3-4	GRADES 5-6	GRADES 7-8
2018-2019	Grade 1	Grade 3	Grade 5	Grade 7
2019-2020	Grade 2	Grade 4	Grade 6	Grade 8

CURRICULUM BY SUBJECT INTEGRATED LANGUAGE ARTS K-8 PART 2

DESCRIPTION OF PATHWAYS STUDENT MATERIALS:

Order from [Kendall/Hunt](#) unless otherwise noted.

THEME BOOKS

Books are the driving force behind Pathways. Each of the nine thematic studies is launched by theme books. These books, selected for their high interest, literary, and content values, represent a range of topics and genres.

GUIDED READING BOOKS

It is through Guided Reading, the heart of a balanced reading program, that Pathways can show students how to read and support them while reading. When students read with others on similar levels of proficiency at their instructional level, they gain additional opportunities to become readers. Leveled books to use with guided reading groups:

Pathways' Seedling Guided Readers are the basic recommended set of leveled readers to be used in the first and second grades.

Reading A-Z provides a wide range of leveled readers. Order information can be found on the [Subscription Resource flyer](#).

A Reason for Reading by The Concerned Group offers nearly 100 leveled books featuring Scripture and Values. Each title has a detailed Teacher Guide. Teachers can preview each page of every book by visiting [The Concerned Group website](#).

Pearson Scott Foresman Online Leveled Readers offers downloadable titles for K-6. There are thousands of downloadable titles in the reading, social studies, and science collections for grades K-6. The cost is normally \$200-600 per collection. However, the Adventist school contract is \$341 per school for all three collections. One year is left in the contract.

Pearson offers the following printed bundle pricing:

ISBN10: 1428435301 | ISBN13: 9781428435308
Print-only K/2 Reading Bundle Price: \$632.97

ISBN10: 142843531X | ISBN13: 9781428435315
Print-only 3/5 Reading Bundle Price: \$632.97

To order contact: [Mary Philpott](#). Ask about the leveled readers for Seventh-day Adventist schools. This price will appear on their website.

WRITER'S HANDBOOK

The Writer's Handbook is primarily a student resource. Students keep this guide at their desks as a handy reference to use throughout the day. During Writing Workshop this handbook serves as a tool for teaching mini lessons about strategies or forms of writing. Teachers and students will also find this handbook useful while studying grammar, mechanics, etc.

PHONICS

The Chall-Popp Phonics program assists students in learning the major phonological patterns in English. The student book is a write-in text, and phonics readers are incorporated into the phonics program for grades 1 and 2.

DESCRIPTION OF PATHWAYS TEACHER MATERIALS:

Order from [Kendall/Hunt](#) unless otherwise noted.

DAILY LESSON GUIDE

The Daily Lesson Guide accompanies each theme and is the day-to-day teaching plan for each thematic study. The Daily Lesson Guide contains a detailed instructional plan for teaching language arts skills within a cross-curricular and thematic focus. Spiritual connections are integrated into the reading instructional plan.

TEACHER MANUAL

The Teacher Manual contains information on guided reading implementation, comprehension strategies, reading and writing workshops, word study (daily oral language, phonics, handwriting, spelling), assessment options, working with the exceptional child and the homeschool partnership.

WRITER'S HANDBOOK

Teachers will want to have their own copies of the Writer's Handbook for mini lessons in grammar, writing, mechanics, etc., throughout Pathways. The Writer's Toolkit provides additional resources for mini-lesson instruction and is available from [AdventSource](#).

PHONICS TEACHER'S EDITION

The Chall-Popp Phonics program forms the basis for the explicit, sequential approach to phonics instruction in Pathways. The Teacher's Edition contains hands-on student activities, intervention strategies, and numerous instructional techniques to enrich phonics instruction. Phonics will be formally taught in grades 1 and 2.

POETRY

Poetry is used throughout the themes, thus it is recommended that a copy of the Random House Book of Poetry for Children be provided for each school.

BASIC READING INVENTORY

Pre-primer through Grade 12 and Early Literacy Assessments. This book by Jerry L. Johns contains individually administered informal reading tests (six forms) that can be used by teachers as an aid in assessing student reading.

1 Poetry Resource Book <i>Here's a Little Poem: A Very First Book of Poetry</i>	

KINDERGARTEN TEXTBOOKS

KH

Kindergarten Stepping Stones: A Journey to Excellence through Discovery is an integrated kindergarten curriculum utilizing literature-based themes. As children explore the themes and interact with their teachers and peers, it is the primary purpose of this curriculum to help make the invisible God visible to each child, guiding them into a loving relationship with Jesus so that through service they may each uniquely reflect His love to others. Order from [Kendall Hunt](#).

Kindergarten Stepping Stones is a complete curriculum for kindergarten that covers all subject areas. The following materials are included:

TEACHER MATERIALS

TEACHER MANUAL – gives an overview of *Kindergarten Stepping Stones* and presents the philosophy and practices used.

BIBLE STORY LAPBOOKS – contain the four Bible stories that will be taught during the month.

STAIRWAY TO READING PHONICS KIT WITH TEACHER'S GUIDE – provides instruction for implementing the Stairway to Reading phonics program.

DAILY LESSON GUIDES AND BLACKLINE CDS – provide the details needed for lesson planning. There are 10 Daily Lesson Guides, one for each monthly theme.

TRADE BOOKS – read by the teacher to the class which sets the stage for the weekly activities. There are four trade books for most monthly themes.

POETRY RESOURCE BOOK – provides a starting point for presenting related poetry throughout the themes.

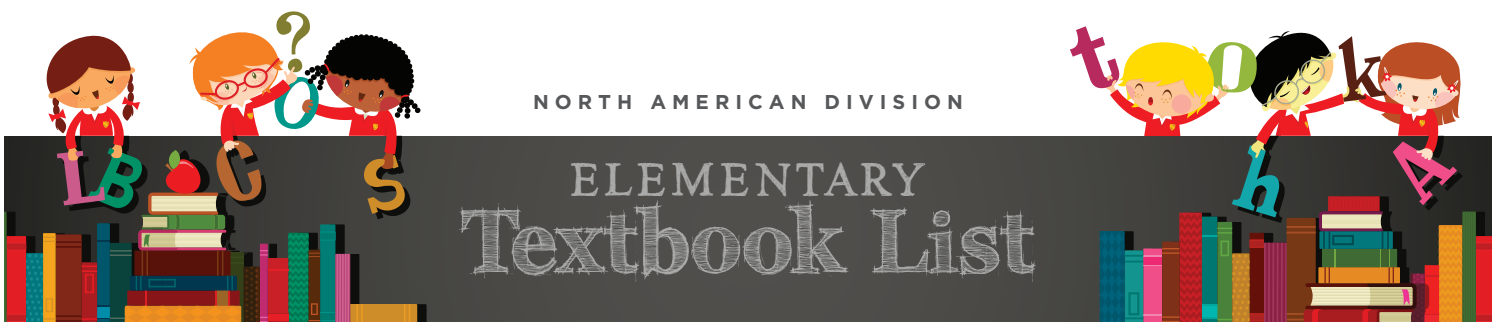

STUDENT MATERIALS

BIBLE STORY READERS provide each child a take-home copy of the week's Bible story.

BIBLE STORY/MUSIC CDS contain a recording of the Bible story and songs for each child to take home.

STAIRWAY TO READING STUDENT ACTIVITY BOOK reinforces the phonics concepts and skills.

Visit the Adventist Education website for other materials related to *Kindergarten Stepping Stones*: 2012 Teachers' Convention PowerPoint Presentations, Kindergarten News documents, Lead Teacher PowerPoint Presentations, Math Tracking Cards, Phonics Lesson Bag Labels, Pinterest Idea Boards, etc.

Kindergarten Stepping Stones: A Journey to Excellence through Discovery is an integrated curriculum that utilizes literature-based themes with strong spiritual connections so children may come to know God better and love him more.

GRADES K-6

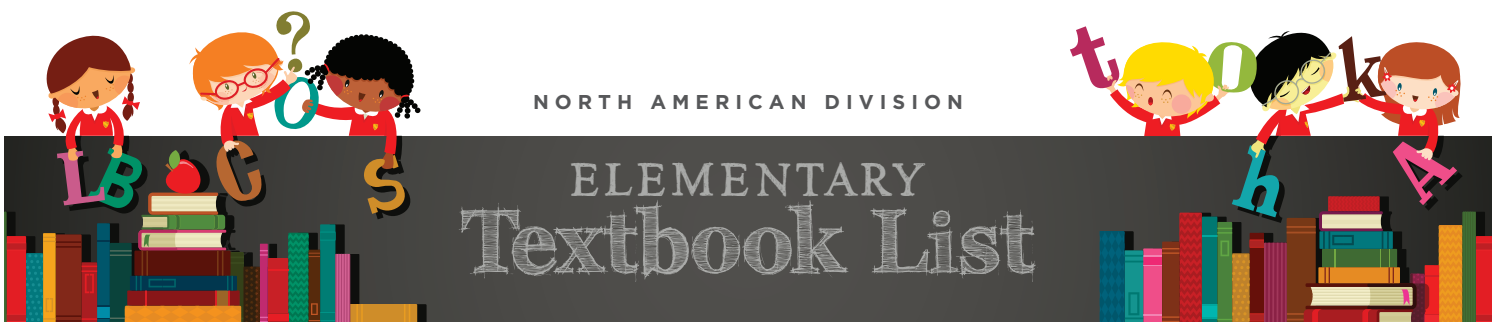

Houghton Mifflin Harcourt, *Go Math!*, 2012 is the adopted math program for grades K-6. It is a comprehensive mathematics program developed to support the Common Core State Standards for Mathematics and the NCTM Curriculum Focal Points. The program emphasizes Essential Questions and Big Ideas with depth of understanding as the goal. Interactive lessons utilize research-based instructional approaches and differentiated instructional resources to ensure success for all students.

The two main components of the program are the write-in text and Think Central tools which are available online. Think Central is accessed with a user name and password available from your local conference. Here is a link to the [Quick Start Guide](#) which will assist you with login and setup. Other resources are also available on the [North American Division Math website](#) and on [Facebook](#).

CURRICULUM BY SUBJECT Mathematics PART 2

GRADES 6-8

NOTE #1: Schools may choose whether to use Go Math! or Big Ideas Math for grade 6.

NOTE #2: All seventh grade students receive *Big Ideas Math: Accelerated* textbook. Those schools following a regular track will need to cover chapters 1-9. Schools on an accelerated track or planning to teach *Big Ideas: Algebra I* in eighth grade will teach all chapters in seventh grade.

Big Ideas: Algebra I is not currently approved for secondary credit. For students to receive secondary credit you must follow the union or local conference approval process and use the North American Division approved secondary textbooks.

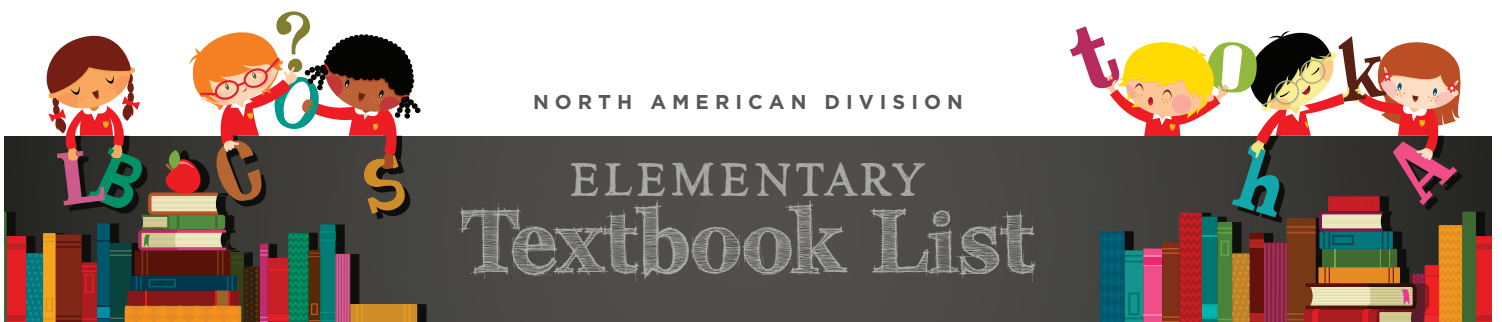

NOTE #3: Online teacher resources are available to all teachers. Register at bigideasmath.com. The Access Code is RT4C2B9QGF3B.

Houghton Mifflin Harcourt, *Big Ideas Math*, 2012 is the adopted hardback edition math program for grades 6-8. It is a “narrower and deeper program,” combining discovery and direct instruction approaches that addresses the Common Core State Standards for Mathematics. A deeper understanding of the math concepts is achieved by narrowing the focus to fewer topics and developing concepts through inductive reasoning, engaging activities, examples, and thought-provoking exercises. The program supports differentiated instruction as well as the 3-tier RTI model.

The following materials are available:

TEACHER MATERIAL	STUDENT MATERIAL
Teacher Editions	Student Editions
Teacher Editions Online	Record and Practice Journals
Assessment Books	Interactive Student Editions w/English and Spanish Audio Online
Resources by Chapter	
Dynamic Student Resources DVD	
Dynamic Teaching Resources DVD	
Dynamic Assessment Resources DVD	
Skills Review and Basic Skills Handbook	

The North American Division has contracted special pricing. Information is available on the Adventist Education website. Please read the FAQs carefully that are included with the order form. Similar to the *Go Math* model, the consumable *Record & Practice Journal* workbook will be replenished each year. However, no replenishment order form is required for *Big Ideas Math* since the workbook will be automatically replenished at no cost. Additional complete units may be ordered should enrollment increase and will remain at the contracted price.

The North American Division [Elementary Physical Education Standards, 2016](#)

is to be used for designing the physical education instruction.

KINDERGARTEN

Kindergarten Stepping Stones: A Journey to Excellence through Discovery (KH) is an integrated curriculum that utilizes literature-based themes with strong spiritual connections so children may come to know God better and love him more.

The *SPARK Physical Education K-2* program, as described below, provides daily lesson plans created to develop physical skills and fitness.

GRADES 1-8

SPARK Physical Education program (K-2, 3-6, 6-8) is the adopted physical education program for grades 1-8. These SPARK materials are designed to involve all students, create a more active environment, incorporate social skills, and emphasize health-related fitness and skill development.

The following are components of the SPARK program and are available for each grade band; K-2, 3-6, and 6-8:

- Manual (notebook format containing users guide, unit activities, and daily lesson plans)
- Music CD (preview music, as some selections may not be appropriate)
- *SPARKfolio* (box format with extended card activities laminated and ready for use)
- SPARKfamily.org (online resources)

NAD Multi-grade Physical Education, Grades 1-4 provides lessons structured to teach one physical education class to all four primary grades. *NAD Multi-grade Physical Education, Grades 5-8* provides lessons to teach one physical education class to the upper grades. The content is based on the SPARK 3-6 materials and is available as a download on [the North American Division Physical Education website](#). In addition to the multi-grade manuals, teachers will need to order SPARK Physical Education, Grades 3-6 (on order form Set #3) and those teaching grades 1-2 will also need access to the online materials for grades K-2 (K-2 PE SPARKfamily.org).

Teachers in one-teacher schools will choose to implement either the grades 1-4 or grades 5-8 manual based on which band reflects the greatest number of students enrolled. The lessons in the alternate manual will be used to support instruction. For example, if there are 3 students in grades 1-4 and 8 students in grades 5-8, it would be best to plan from the *NAD Multi-grade Physical Education, Grades 5-8* document.

Kids are Made to Move! Dr. Debbie Morgan, a seasoned teacher with experiences from elementary to collegiate settings, has created materials suitable for use in elementary schools, grades K-8. Her passion is to motivate teachers and students to be physically active and equip teachers to provide fun-filled, high-quality physical education programs for students. Dr. Morgan's latest programs: "Innovative Physical Education Activities for Children in grades K-2" and "Innovative Physical Education Activities for Children in grades 3-8" include a 2-DVD set of physical activities and games, plus an accompanying teacher's manual. Each set contains suitable content for a year of 30-minute classes that meet 2 to 3 times a week. Programs may be [ordered through email](#) or using the order form on [the website Curriculum Page](#).

Order resources are available on the [NAD PE order form](#).

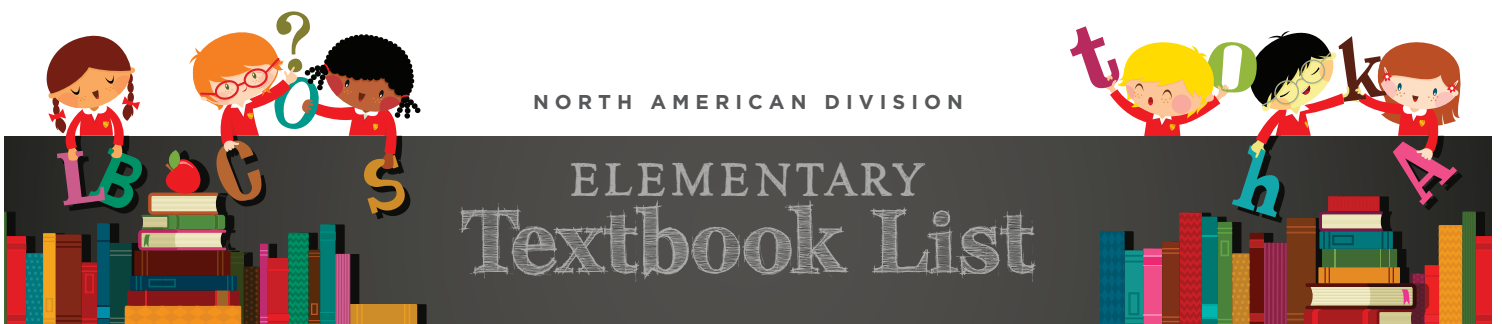

MULTI-GRADE IMPLEMENTATION

The Personal Best Days from SPARK (built into our lesson plans with Units 2, 4, 6, 8, and 10) are designed to provide the same type of experience as the Presidential Youth Fitness Program.

SUPPLEMENTARY MATERIALS

ELEMENTARY Textbook List

The North American Division [Elementary Science Standards, 2015](#) is designed to be used in planning the science curriculum.

KINDERGARTEN

GRADES 1-8

A multi-grade correlation is available for grades 1-4, Cycle 1. Additionally, the multi-grade correlation for grades 5-8, Cycle 1, was released Fall 2014.

ByDesign Science Kits are also available to purchase for single-grades or multi-grades. For those teachers who wish to create their own, a science kit supply list is available on the [North American Division website](#).

Order forms are available on the [Adventist Education website](#). When ordering: Please be sure to fill out the "Teacher Resource Tab" so teachers will be able to access online resources.

SCIENCE TEXTBOOKS

KH

Kindergarten Stepping Stones: A Journey to Excellence through Discovery is an integrated curriculum that utilizes literature-based themes with strong spiritual connections so children may come to know God better and love him more.

ByDesign: A Journey to Excellence through Science program for grades 1-8 is the creation-based program published by Kendall Hunt under the direction of the North American Division. The program is based on a 5-step instructional model: Engage, Discover, Explain, Extend, and Assess/Reflect. This teaching model is used to promote inquiry-based learning and to stimulate a natural desire for knowledge and better understanding of God's creation.

Each grade level is organized by four units: (1) Life Science, (2) Human Body, (3) Earth and Space Science, and (4) Physical Science. Lessons provide many hands-on opportunities to explore and experiment with science. Faith connections that reflect the Adventist worldview are developed throughout the lessons.

The following materials are available:

Social Studies

PART 5

DIVISION OF CONTENT GRADES 5-8

U. S. History is taught in grades 5 and 8. World History and World Studies are taught in grades 6 and 7. Because these content areas contain massive amounts of subject matter, they have been subdivided to provide a manageable amount of information at each grade level.

	US HISTORY AND GEOGRAPHY	WORLD HISTORY AND GEOGRAPHY	TEXTBOOKS
GRADE 5	First Americans through Reconstruction (Through 1865)		<i>A History of the United States</i> , 2016 (first half) or <i>A History of the United States, Early Years</i> , 2016
GRADE 6		Early Civilizations through Rise of Christianity (Through A.D. 600)	<i>A History of the World</i> , 2014 (first half) or <i>A History of the World, Early Ages</i> , 2014
GRADE 7		The Rise of Christianity through Present (A.D. 600 - Present)	<i>A History of the World</i> , 2014 (second half)
GRADE 8	Reconstruction through Modern Times (1865 - Present)		<i>A History of the United States</i> , 2016 (second half) or <i>A History of the United States, Modern Times</i> , 2016

SOCIAL STUDIES MULTI-GRADE IMPLEMENTATION

The *Social Studies Multi-grade Implementation and Organizational Notebook (So.S.M.A.R.T.)* is an organization manual produced by the North American Division that responds to the needs of teachers who have been challenged to complete a social studies textbook, particularly when teaching multiple grades. Topics for grades 1-4 have been correlated with those of grades 5-8, allowing a teacher with combined grades to teach the same topic across levels.
