PRODUCT OVERVIEWS

ARTS ATTACK ONLINE:

The Arts Attack Online product line is an all-new version of Arts Attack that is accessed from our website using a unique User Name and Password for each customer. All video in Grades 1-6 has been improved and reshot in the classroom in high-definition, and each of these Grades includes 6-8 completely new lessons. Grades K, 7 & 8 are undergoing improvements that are implemented online as they are made. Some of the advantages of an online program are: (1) Teachers can get access anytime, anywhere, from any computer. (2) All updates or improvements are immediately available to all users. (3) Nothing to get lost or damaged; no replacements ever needed. (4) Video lessons have “chapters”, allowing 1-click access to various parts of the lesson (such as students working or supply requirements). (5) Resolution adjustment feature allows for optimized performance with various online streaming data rates. In addition, for the SDA schools, each grade level will include a bonus access to the Art Connections Online program (4 additional lessons) as well as the Great Masters Virtual Museum Grade Level (14 Great Masters Art Images with discussion guides). Arts Attack Online comes with a 5-year subscription, with an annual renewal fee of \$50 per grade beginning in year 6.

4-GRADE ROTATION PRODUCTS (Primary and Middle Grades):

The rotation product offerings are intended to allow the smaller SDA schools to change grade levels on an annual basis for a price close to the price of a single grade level.

The school would select (circle) the Grade to be activated during Year 1. The rotation to the next grade would occur in mid-July of each year (during the summer break). For example, if the primary program were chosen and Grade 2 is circled, the school would have access to Grade 2 for year 1; then to Grade 3 for year 2; then to Grade 4 for Year 3; then to Grade 1 for Year 4; then to Grade 2 again for year 5; and so on if a renewal option is exercised. It comes with a 5-year subscription, with an annual renewal fee of \$95 beginning in year 6. In all cases, only 1 grade would be active at any one time.

GREAT MASTERS VIRTUAL MUSEUM

The GMVM contains the art prints and discussion guides from all grade levels (over 100 total), organized into 7 galleries (eg: American Art or Impressionism), like a visit to the museum. Great for study of Art History.

ARTS ATTACK USB-BASED GRADE LEVEL

Each grade level product consists of a USB drive with Arts Attack Online & Art Connection Online video lessons (29-31 per grade) plus Teachers Manuals with lesson plans, student handouts, and art print discussion guides. They were developed specifically at the request of North American Division SDA to serve the needs of SDA schools that do not have reliable internet service. Grades 2 and 6 are currently available as of June 2019 and additional grades will be introduced and added to the Order Form over the next 2-3 years (eg: Grades 3 & 7 in 2020).

ARTS ATTACK USB-BASED SUPPLEMENT PRODUCTS

These products, also developed at the request of the NADSDA, are designed to serve small SDA schools who choose to continue using their previously acquired VHS or DVD versions of Arts Attack, but desire to supplement them with new lessons. They contain 10 lessons (chosen from the new lessons in the online program and the Art Connections program). Initially, 1 P2 Primary Grades (K-4) and 1 M2 Middle Grades (5-8) product is available. It is planned that additional products will be added over the next 2 years.

ART CONNECTIONS

Art Connections is an enrichment product containing 4 lessons at each grade level K-6. These lessons each contain a connection to another subject area: science, social studies, literature, or art history. The lessons assume a prior knowledge of basic art techniques, such as mixing colors and drawing, which are taught in more detail in the Arts Attack lessons.
