2017 SECONDARY LANGUAGE ARTS STANDARDS
IN SEVENTH-DAY ADVENTIST SCHOOLS

OFFICE OF EDUCATION | North American Division Seventh-day Adventist Church
Language Arts Standards

**OUR GOAL**

The goal of Seventh-day Adventist education is about more than quality teachers providing innovative instruction. Adventist education aims to provide student learning infused with Christian faith and an Adventist worldview. To achieve this goal Seventh-day Adventist standards for grades 9-12 subjects have been carefully developed to embody Seventh-day Adventist beliefs and to prepare students for life-long learning, equipping them for earthly service and heavenly citizenship. An education of this kind imparts strong academic knowledge and a clear picture of Christ and His love for mankind.

These standards focus on what students should know, understand and be able to do. They will be a useful tool for teachers in developing lessons and ensure a thorough preparation for college or university when fully implemented across the curriculum.

Seventh-day Adventist Secondary Standards:

1. Provide clear expectations for student learning and accountability.
2. Provide an essential user-friendly tool for developing instruction.
3. Transform textbooks from curriculum guide to a resource for instruction.
4. Provide for a complete and uniform Adventist secondary curriculum.
5. Have been developed exclusively by Seventh-day Adventist educators.
6. Have been aligned with the goals of Journey to Excellence
7. Have been developed using national and state standards, Adventist curriculum guides, and standards compendiums from McREL and Ten Sigma.

**RATIONALE**

Secondary Language Arts Standards for Seventh-day Adventist Schools seeks to ensure that the beliefs and values of our Adventist Christian faith are integrated into the curriculum. Language Arts instruction from this curriculum should help students learn to see and reflect God’s image while developing proficiency in different aspects of communication—reading, writing, listening, speaking and viewing. This kind of education imparts more than academic knowledge. It fosters the balanced development of the whole person to prepare them for earthly service and heavenly citizenship.

These carefully developed language arts standards are a practical tool to assist teachers in focusing their instruction so that all students are literate and engaged successfully in reading, discovering, creating and analyzing spoken, written, electronic, and visual texts. These standards reflect multiple perspectives from diverse spiritual, civic, and social communities. They make meaningful connection within language arts, and between language arts and other fields of learning. The intent is to focus on the essence of what students should learn and retain.

The second numeral refers to the standard (LA9.3.2) and the third numeral refers to the subcategory (LA9.3.2) under the standard.
